Online IEP @ WCU

Course Descriptions

Integrated Skills: Becoming a World Citizen
Participants will develop their English reading, writing, listening, and speaking skills while exploring the topic of becoming a world citizen. Participants will also increase their vocabulary, develop their communication skills, and explore the fascinating relationship between language and culture, looking at how different cultures use the same international language (English, of course!) in very different ways.

Speaking Skills: The Gift of Gab
Participants will increase their ability to speak English fluently, confidently, and accurately through the discussion of a variety of topics. Participants will study and develop English pronunciation skills. They will also increase their vocabulary, including American idioms, in order to express their ideas more clearly and accurately.

Grammar Workshop: Use It or Lose It!
Participants will develop their understanding of English grammar in a fun and interactive way while focusing on how to use the grammar correctly in both speaking and writing. The course focuses on English verb tenses and verb forms, adverb clauses, and adjective clauses. Participants will also practice using the negative and question forms of these topics.

Important Information

- You will need a reliable internet connection, and a camera and audio on your laptop or PC. It is not recommended to use a Smartphone for the course.
- Some courses may require an additional materials fee. This fee will not be more than $50/course.
- Because course participants will be located in different time zones, all courses have been designed so that all students can fully participate in the class regardless of their time zone or personal schedule. Instructors will work with students to develop a schedule that works for them.
- For questions, email **iep@wcu.edu.**

Western Carolina University is one of the 17 campuses in the University of North Carolina System
