- Continue discussion of FYS proposal- Final vote on FYS proposal-Unanimously it was decided that option #1 which states, “The First-Year seminar cannot be repeated; therefore those students receiving a “U” grade must take three credits of liberal studies electives to make up for the unearned credits from the First-Year seminar. Changes are in progress to update the LS document to reflect this vote.

- Discussion of changes to the text of the Liberal Studies Document-discussion took place on the revisions to the LS document; Peter will resend a final draft for discussion at the next meeting. It was mentioned that a few revisions were not up to date on the current LS check sheet on the LSOC website. After researching the minutes changes were made in March 2006 and for some unknown reason the 3-22-06 document was not uploaded. It has now been done. Check and make sure the link works for you.

Next week we have invited Melissa Wargo and Sloan Despeaux to discuss the progress of the C2 assessment. The following week we will have Will Dulaney back to check on the C3 assessment.
