

3 PT. SHOOT OUT

1. Each participant has 4 minutes to make 9 shots. Three from each corner and three from the center of the 3 pt. line (above foul line).
2. The person who makes all 9 shots in the least amount of time will be declared the winner.
3. Participants must rebound their own basketballs. However, there is no order in which the shots must be made.
4. The players may touch the three point line but can not be drastically over the line.
