Lee noted that the minutes from the previous meeting were not distributed, so we would approve those at the first meeting in the fall.

EDPY 190

Kurt went through a PowerPoint presentation describing the big-picture plans for promoting engagement of education majors and some specifics of the EDPY 190 proposal.

Discussion among the committee and guests centered on overlap with other courses, such as EDCI 191 and EDCI 201, whether more sections of EDCI 191 were needed, and whether or not we should create a special topics course via the EDPY prefix that could be used to offer these courses. The nature of the EDPY prefix was also raised, particularly whether or not it is limited to special topics courses.

The guests were excused and the committee briefly deliberated. The proposal was approved.

Lee noted that this is our final meeting of the semester.
