_____________________________________________________________________

I understand that this position holds a high level of responsibility and I agree to the following responsibilities:

1. Restricting my contributions to instruction and coaching and should not have active involvement in club management. A club sport is first and foremost a student organization and as such, the club members and its executive officers must serve as the liaison between the club and the Club Sport Program, not the Coach/Instructor.

2. Attending and supervising contests, practices and travel.

3. Providing organized and safe instruction and training for various skill levels and will monitor performance for purposes of evaluating skill levels for recognition or assignment of competitive entries. The safety and welfare of the participants should always be placed above the value of a win or of personal prestige or gain.

4. Promoting participant responsibility in the display of proper conduct and good sportsmanship.

5. Displaying the standard and image befitting that of a coach or representative of Western Carolina University and abide by the code of conduct and be held accountable for actions taken as a representative of Western Carolina University and the Club Sports Program.

6. Following the guidelines or rules of the league or organization in which the club participates.

7. Inform myself and educate members of all policies outlined in the Club Sports Handbook.

8. It is the right and obligation of the Club Sport Program to protect the club and if, in the staff’s opinion, the coach or instructor is not meeting expectations deemed in the best interest of the club, the coach or instructor may be relieved of duties. Please note that these regulations and sanctions apply to student coaches as well as non-student coaches. WCU and Campus Recreation and Wellness reserve the right to suspend club privileges if club officers do not comply with this request.
