Department of Campus Activities

Policy 10: Special Effects Machines

Definition

a. Special effects machines covered in this policy include fog machines, smoke machines, haze machines, bubble machines, snow machines, etc.

Guidelines

a. In an effort not to interfere with life safety equipment, fog machines and smoke machines are not allowed in Campus Activities operated spaces (indoor and outdoor).
b. To prevent damage to flooring, bubble machines are not allowed indoors in Campus Activities operated spaces.
c. Haze machines, bubble machines, and snow machines may be permitted outdoors with the approval of the Associate Director for Operations.
