Department of Campus Activities

Policy 30: Inclement Weather

Guidelines

a. As being concerned for the wellbeing and safety of our students, faculty, staff, and guests, the Director of the Department of Campus, in consultation with the office of Risk Management, Emergency Planning, and the Vice Chancellor for Student Affairs, may cancel or reschedule an activity/event within a DCA operated space in the event of inclement weather.

Some examples of inclement weather may include but is not limited to high winds, possible tornado, icy roads, heavy snow accumulations, and temperatures below freezing, especially during times of precipitation (outside event).
