The Honors Contract must be completed for students to receive **Honors College credit**. It should create a partnership of mutual benefit to the student and faculty member. The contract should involve a project or activity that takes one deeper into the course subject and results in an experience relevant to one's preparation as a professional. For the faculty member, the contract work should be an opportunity to try innovative or professionally interesting projects or activities that would be difficult to do for an entire class. The contract may be achieved in many ways, as long as the work is relevant to the subject of the course. Questions regarding the nature of a specific contract are welcome and should be directed to the Dean of The Honors College (7383).
