Janice announced that the CEAP Facebook page is up and running. CEAP’s Face Book page offers tips for teachers, job postings, information on how to change student schedules, and has a link to the Department of Psychology Facebook page. The council was very complimentary of Heath and Kirk, CEAP Advisors, in the TRACS office. Perry thanked Janice and the TRACS team for their work.

Lee and Carla have relocated their offices to Killian 104 A.

Perry announced the following CEAP changes:
Effective July 1, 2010, Gwendoline, Elaine and Jackie will report to Janice. Elaine will oversee the career support functional area of TRACS. Dan’s title will be Associate Dean for Academic Affairs.

Dean’s Report

Council of Deans met yesterday and discussed:

- IT will release a new web design for WCU at the beginning of the semester at the faculty luncheon. CEAP is also reworking its web design to make it more user friendly. Publications is designing page banners to make the college page more attractive. Perry recommended departments consider updating their pages as well. Melissa Young in web services can assist. Lee will work with Melissa to arrange a date to meet with departments.

- CEAP will need to develop a Blackboard course archiving policy. Perry asked Lee to develop a draft policy in conjunction with the department heads and bring a recommendation back to the council. No classes will be offered in WebCat after May 2011. Wimba training will be offered to distance instructors online.
A per computer asset fee will be assessed campus-wide effective October 1. The cost will be $16-$20 per computer. The charge will also apply to computer labs. Prior to billing, departments may consider sending out dated technology to surplus.

IT will publish a newsletter each Monday to keep campus informed of IT initiatives, to encourage faculty governance and to develop a further understanding of needs across campus.

FTE/SCH Targets – The Council of Deans discussed FTE/SCH targets. CEAP operates at 125% FTE which may be typical at a College of Education. Perry asked departments to move forward on discussing transparency in faculty work load across the college. WCU is funded on estimated production. Perry requested that department heads present the department FTE spreadsheet calculations at the Leadership Council meeting on July 28th. Departments should calculate the 09-10 academic year and estimate FTE for fall 2010. Department heads will meet prior to discuss consistency in how to report the data.

Theme Discussion “Opening Day Events”
- **College Meeting – 1:30–3 PM, Wednesday, August 18th, Killian 218**
  Department heads will introduce new faculty and provide a short biography. Perry will introduce FTE/SCH transparency and data reporting in support of differentiated staffing, discuss where the college is headed, and announce monthly faculty/staff meetings to begin a conversation and hold substantive discussion about program prioritization. Lee is working on a discussion website for faculty. Holding these discussions will enable the college and the Dean to react to difficult economic times and make decisions based on input from the college-at-large.

- **Revised By-laws**
  At the opening meeting, Perry will discuss the importance of attendance at fall faculty meetings. Lee will send out the proposed revisions following the college meeting for further discussion at the department level. Amendments must be submitted to Lee two weeks prior to the September 17th college-wide meeting when a discussion and vote will take place on the revised by-laws.

- **Dean/Dept Heads meet with new faculty – 3-4:00 PM**
  Perry and the department heads will meet with incoming faculty following the opening college meeting and host an open question and answer session on the tenure and promotion process at WCU. The council discussed and agreed to include second year and fixed term faculty in this meeting.

advising days. It was suggested that this type of event could be held in September and February. Perry asked Dee to work with Janice to develop a proposal that would include dates, student numbers, and details. They will contact Rubae about designing a college pin. It was also discussed that issuing CEAP lanyards and identification cards may be a consideration.

Roles and Responsibilities of Ed Outreach/Distance Ed  Dee

Dee requested an update on the roles and responsibilities of Educational Outreach and who to go to with questions. As of July 1, colleges are supposed to receive funding for distance learning. Jamaica is a contract program. Perry encouraged department heads to continue asking questions until the college and Educational Outreach responsibilities are clearly defined. To date, the college has not received funding for either distance learning or Jamaica. Currently, Educational Outreach is being reviewed and audited.

Lee and Perry introduced the CEAP Technology and Learning Greenhouse to the council. This will be a place to “grow up” technology skills for faculty. The Greenhouse will be a supplement to the Coulter Faculty Center and will allow for opportunities to conduct research and professional development, compete for technology related grant dollars, and become a self-supporting unit.

Handbook *  Gwendoline

- School Visitation by University and Academic Supervisors
  This is discussed on page 19 in the handbook. Gwendoline reviewed the school visitation and academic supervision policy with the council. Perry requested the involved that relevant department heads review the handbook cover to cover and provide feedback to Gwendoline and Janice. The council agreed to approve the handbook based on the edits and feedback received from the involved departments.

The council discussed the role of the cooperating teacher in review of the teacher education sample. It was suggested that each school have one individual at the school level who would receive in depth support/training for Task Stream. Instructions for using Task Stream may be downloaded to the jump drive that will be given to cooperating teachers.
