Hey Cats!

It’s almost Finals Week! While you’re preparing for exams remember to get adequate sleep and nutrition! Also be sure to schedule time for some fun! Don’t stress out or lock yourself away in your room to study. Take the time to have at least one to two hours for a break each day you’re studying. Also, if you’re still having trouble understanding some material, see your professor! Remember, they’re the ones who know what will be on the test!
