

College of Education & Allied Professions
Program Goals and Student Learning Outcomes
As of 07/21/2006

Department: Educational Leadership & Foundations
Program: Ed.D. Educational Leadership

Program Goals:

1. Students build knowledge, skills, and attitudes to build relationship that encourage stakeholder to contribute to effective decision making.
2. Students challenge their assumptions regarding educational organizations through explicit examination of diverse perspectives.
3. Students use technology effectively and ethically to improve learning.

Student Learning Outcomes:

Graduate students will have the knowledge and ability to promote the success of all students and are able to:

1. Facilitate the development, articulation, implementation, and stewardship of a district vision of learning supported by the school community.
2. Promote a positive school culture by providing an effective instructional program, applying best practice to students learning and designing comprehensive professional growth plans for staff.
3. Manage the organization, operations and resources in a way that promotes a safe, efficient and effective learning environment.
4. Collaborate with families and other community members, respond to diverse community interests and needs, and mobilize community resources.
5. Act with integrity, fairly and in an ethical manner.
6. Understand, respond to, and influence the larger political, social, economic, legal and cultural context.
7. Complete an internship that provides significant opportunities for candidates to synthesize and apply the knowledge and practice and develop the skills in the goals based-work in real settings, planned and guided cooperatively by the institution and school district personnel for graduate credit.
