AMP Adventure Program  
Western Carolina University

It is never too late to be who you might have been. ~ George Eliot

It is not the mountain we conquer but ourselves. ~ Edmund Hillary

What to Expect:

Dates:  June 15-16, 2015  
June 17-18, 2015  
July 8-9, 2015

Plan to arrive at WCU, Norton Hall 8:30am, on Day 1 and Plan to be picked up from the same location at 3:30 pm, on Day 2 of each program.

Cost? There is no cost to you for this program, because Project Discovery and GearUp have paid for the $400 cost for you. You may wish to bring a small amount of spending money for any personal items during the program. Project Discovery and GearUp will provide all equipment, food, instruction and cost. There are snack machines available, although we will do a good job feeding you! We will also visit the University gift shop at some point during our two days.

What to Expect? You will participate in lots of different activities like, swimming, movies, and basketball of course, but you will also experience science like you’ve never known it. We’ll visit the top of the Smokey Mountains National Park for a ranger led program. We’ll visit the forensics lab at WCU to learn how crime scene investigators work, and see if you can figure out “who done it.” Plus, you will get a small taste of what it is like to live on campus. You will be one of 40 middle school students from Project Discovery and Gear Up target schools.

Parents:  
When you come to pick up your student, plan to arrive by 3:30 pm for ice cream sundaes and a slide show of our experiences.
