INTERNERSHIP INFORMATION
At Western Carolina University there are numerous internship opportunities for students. In some cases internships are established through a faculty member in the student's major. Oftentimes students find part-time jobs in an area related to their field of study. When this happens, students should discuss with their academic advisor the possibility of receiving college credit. Generally, three hours of general elective credit can be earned for a minimum of 200 hours of experience.

WHAT SKILLS ARE LEARNED IN THE CLASSROOM?
Independent Worker | Comprehensive Grammar and Vocabulary | Curiosity and Creativity |
Formulated Ideas and Concepts | Oral & Written Communication | Viewing From Other Perspectives |
Analytical and Synthetical Reasoning | Concentration | Problem Solving |
Cause and Effect | Teamwork

KNOWLEDGE
1. Identify and clearly articulate philosophical arguments, uncover and challenge hidden assumptions, and evaluate adequate and inadequate solutions to a wide range of complex problems.

2. Analyze the strengths, weaknesses, and implications of a wide array of moral theories, and apply these theories to contemporary moral problems.

3. Recognize the origins and historical development, continuity/discontinuity, and cultural conditions characterizing important texts, theories, individuals, movements and institutions in the history of philosophy.

4. Identify and clearly articulate the major texts, figures, movements, and institutions in the history of some religious traditions.

5. Distinguish and use interpretive, explanatory, and evaluative approaches to religious beliefs and practices.

6. Analyze connections between religion and other cultural practices and institutions (e.g., politics, gender, economics, race).
