

Instant Christmas Carols

Spend a fun-filled three hours learning the easy way to play Christmas Carols without weekly lessons or excessive note reading -- this holiday season! As seen on GOOD MORNING AMERICA, learning to play the piano need not be a tortuous regimen of scales, exercises, note-reading, counting and theory. Save time and money with this innovative approach that shows you "how to" play solos, accompany sing-alongs, use followup materials for continued growth, and much more! -- then develop your techniques at home using step-by-step materials. This beginning course in chord piano techniques uses the same learning techniques as the Public Television program "Play Piano in a Flash," and works for beginners and those with traditional piano experience. You'll be playing your favorite songs soon after this one session. Future Refresher Courses Free. Note: for a FREE PAMPHLET ON READING TREBLE CLEF, send self-addressed, stamped #10 envelope to SMI, 31 Killian Road, Asheville, NC 28804.

Topics include:

How chords work in music * Musicians' shortcuts * How to speed read sheet music * How to derive all major, minor, and 7th chords * How to handle different keys and time signatures * Simple techniques of counting * How to substitute for 12,000 complex chords
