

## Stained Glass - Learning for Fun 10/22/09

Just in time for Christmas, Western Carolina University will offer a stained glass class. Students will learn to use the Tiffany Method of stained glass design, by which each piece of glass is wrapped in copper foil and then soldered. The class will cover: Safety, proper cutting techniques, foiling techniques and simple metal framing as well as types of glass, solders, and copper foils. Each student will complete a project in colored glass by the end of the course. More advanced students will be able to work on their own projects at will. Students will be expected to purchase their solder, foil and glass. All other tools will be provided. The class is held on Thursday evenings, October 22- December 3. from 6pm to 9pm in the South Lobby of the Cordelia Camp Building. (We skip Thanksgiving week) The instructor is Moya O'Neal.

Students will need to bring safety glasses, pen, pencil and felt tipped pen, paper for notes, a box to carry your glass and tools (about 12 X 12), cotton garden gloves (glass is sharp and molten solder is very hot), band-aids and open minds. The cost is \$ 85.00. Call 828-227-3688 if you have questions.
