Navigate

Navigate is a web-based tool by the Education Advisory Board (EAB) to coordinate, target, and report on advising, tutoring, and other student success services. These functions allow WCU to have a comprehensive student success solution that brings student support systems and analytics to aid in retention and graduation rates. You can access Navigate through your myWCU homepage. In the “Quick Links” box there is an “Advising/Tutoring” website link. This link will automatically log you into Navigate. The system will be updated every night. Please call the Advising Center at 828-227-7753 if you have any questions.

      i. The academic issues will be sent to the Professional Advisor. The non-academic issues will be sent to Student Crisis Response Team within Student Affairs.

Limitations of Tutor Reports

1. Writing appointments do not automatically have courses assigned, so your student’s writing appointments will only show up on tutor reports if the tutor assigns a specific class while writing their summary report. If you suspect that a student has gone to a writing tutor, but they are not listed in the class report, search for the student individually to see all of his/her tutoring visits (see above).
2. All tutoring appointments are 30-minutes, so some students will have multiple appointments in one day. Make sure to look at the dates/times of each appointment to determine which sessions were actually one concurrent appointment.
3. Duration of appointments under the Scheduled duration column will always default to the appointment time (e.g. 11:00-11:30). Actual appointment durations reported by tutors (i.e. if the student left early or stayed late) will be listed under the Reported duration column but will not appear until the tutor has completed the report at the end of each week.
