

What's a DP3 Experience?

It's something you already plan to do or a project you create just for DegreePlus. Your experience needs to give you a way to apply the learning outcomes of your skill.

Examples include an internship, academic capstone assignment, research, study abroad, senior showcase, volunteer or paid work project, campus leadership role, or anything in which you can use your skill.

What's a DP3 Experience Plan of Action?

It's a 2-page form you fill out with a description of your DP3 Experience and how you expect to apply each learning outcome for your skill. Your DP Mentor will guide you in refining it until they approve it.

Each skill has its own Plan of Action form. Here is a snapshot of the form for the Professionalism Skill.

Professionalism Skill: Plan of Action
