

## How do I Find and Order Textbooks?

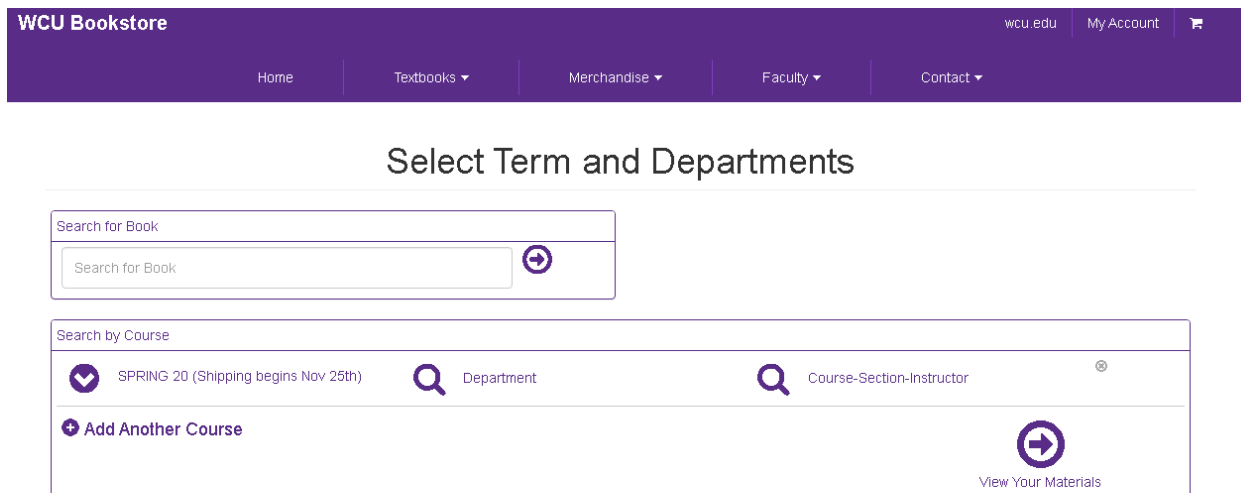

Distance students must purchase their books online, as they are not eligible for the WCU Campus book rental program. This short tutorial will help you to search for the required books for your classes. You will need to have the Course information including instructor name to do this process (IE, HIST 123-50 J.Doe)

You will go to <http://books.wcu.edu/home>

Hover over the Textbooks Section and click “Textbook Online Order”

You will then see a page like this:

You can search by the book itself if you know the name or you can search by the course. You first select the term in which you are searching. If a term is not listed, the bookstore hasn't put those books online yet.

## Select Term and Departments

The screenshot shows the top part of the search interface. It has two main sections: 'Search for Book' and 'Search by Course'. The 'Search for Book' section has a text input field with the placeholder 'Search for Book' and a search icon. The 'Search by Course' section has a dropdown menu for the term, currently showing 'SPRING 20 (Shipping begins Nov 25th)'. To the right of the term dropdown are two search fields: 'Department' and 'Course-Section-Instructor'. Below the term dropdown is a button labeled '+ Add Another Course'. At the bottom right of the 'Search by Course' section is a button with a right-pointing arrow and the text 'View Your Materials'.

Then you will select the department for the course. A good example is if you are looking for History 341, then you will be looking under the History department.

## Select Term and Departments

This screenshot shows the search interface with the 'Department' field filled with 'HIST'. A dropdown menu is open below the field, showing 'HIST' as the selected option. The 'Search by Course' section also shows the term 'SPRING 20 (Shipping begins Nov 25th)' selected. The '+ Add Another Course' button and the 'View Your Materials' button are still visible at the bottom.

Finally, you will look for the course section and instructor for the specific course you are searching for. You can add all your courses to this list. You will then click "View your materials"

This screenshot shows the search interface with the 'Course-Section-Instructor' field filled with 'course-section-instructor'. A dropdown menu is open below the field, listing several options: '341 -11371 -Abram', '341 -11372 -Abram', '341 -11373 -Abram', '341 -11374 -Abram', '341 -12839 -Abram', '342 -11358 -Macaulay', '348 -11363 -Ferguson', and '349 -11390 -McRae'. The '+ Add Another Course' button and the 'View Your Materials' button are still visible at the bottom.

If there is a textbook assigned for your particular course, you will then get information similar to that listed below. You can order it or rent it through the WCU bookstore, or you can use the ISBN information to find this textbooks through a third-party retailer. WCU is not responsible for editions found outside of the WCU Bookstore. Please note, the image below is only an example, and may not be the current required text for HIST 341.

## Course Materials
