Navigate

Navigate is a web-based tool by the Education Advisory Board (EAB) to coordinate, target, and report on advising, tutoring, and other student success services. These functions allow WCU to have a comprehensive student success solution that brings student support systems and analytics to aid in retention and graduation rates. You can access Navigate through your myWCU homepage. In the “Quick Links” box there is an “Advising/Tutoring” website link. This link will automatically log you into Navigate. The system will be updated every night. Please call the Advising Center at 828-227-7753 if you have any questions.

Limitations of Tutor Reports

1. Writing appointments do not automatically have courses assigned, so your student’s writing appointments will only show up on tutor reports if the tutor assigns a specific class while writing their summary report. If you suspect that a student has gone to a writing tutor, but they are not listed in the class report, search for the student individually to see all his/her tutoring visits (see above).
2. All tutoring appointments are 30-minutes, so some students will have multiple appointments in one day. Make sure to look at the dates/times of each appointment to determine which sessions were actually one concurrent appointment.
3. Duration of appointments under the Scheduled duration column will always default to the appointment time (e.g. 11:00-11:30). Actual appointment durations reported by tutors (i.e. if the student left early or stayed late) will be listed under the Reported duration column but will not appear until the tutor has completed the report at the end of each week.
Appointment Campaigns

1. To begin, click Appointment Campaigns in the Actions of Quick Links menu.
2. You will then set the criteria for your Appointment Campaign. All fields must be filled out.
   a) **Campaign Name**: Campaign Name is visible to the person creating the campaign and any other users who have access to view campaigns, but not visible to the student.
   b) **Care Unit**: Select the Care Unit the Appointment Campaign will be associated with.
   c) **Location**: Select the location of where the appointment(s) will be held.
   d) **Service**: Select the Student Service that will be associated with the campaign.
   e) **Course or Reason**: Add the reason or associated course for the campaign here. This will only appear if the service is tied to a course.
   f) **Begin and End Date**: These are the dates that you want students to start and stop making appointments for the campaign.
   g) **Appointment Limit**: This will determine how many appointments you wish for the student to schedule during the campaign.
   h) **Appointment Length**: This is where you define exactly how long the appointment will be. Durations begin at a 5-minute length and will be determined by your configuration.
   i) **Slots per Time**: Appointments can be individual or group. By adding more than one "slot per time", you can have a group appointment.
   j) **Allow Scheduling over Courses**: students will be able to schedule their own classes, and the classes of the staff member they are scheduling with, within the campaign date range.
3. After entering details on the define Campaign page, click **Continue**. Your next step is adding students. If you created this campaign directly from a Saved Search, you will be asked to review your students. If not, the Advanced Search screen will open.
4. You have ways to search for and select your students.
   a) **Invite All My Assigned Students**: Adds all students assigned to you to the campaign.
   b) **Advanced Search**: Use Advanced Search filters to find and select students. After starting the search, you will be presented with a list of students. Select the students you wish to add and then choose Add Selected Users and Search for More from the actions menu. Once finished, click **Continue** to move to the next page. You will be asked to review the students in the campaign. If these are correct, click **Continue**.
5. You will need to select yourself as staff for the campaign. You may also have the option to select additional staff to make them available for appointments based on the campaign.
NOTE: Staff will need to have availability defined before they can be added to an appointment campaign. If you do not see staff you expected to have availability, make sure their calendars and availability are up-to-date.

6. Your next step is to compose the message that you will send to students. This invitation to schedule an appointment through the campaign will appear in a preview below the message and include information about how to use merge tags. DO NOT REMOVE THE SCHEDULE LINK FROM THE EMAIL BODY.
   a) Fields used in the message composition are:

   **Email Subject:** The topic will be the subject of the email going to the student.

   **Instructions or Notes:** This will be specific to the landing page students will be taken to when they click on the link in their email to choose the date and time of their appointment.
After you have finished composing your message, it's time to send out your campaign!

7. Review your campaign details, invitees, and advisors on this page. Click **Send** when you are ready to email the invites to the selected students.
