Admission Test Score Deferral

WCU’s Master of Accountancy Program has announced that they will consider applicants to its program for summer and fall admission without scores on the Graduate Management Admission Test (GMAT) being submitted. The action is in response to a decision earlier this week by the Graduate Management Admissions Council (GMAC) to close many testing centers.

According to program director Dr. Susan Swanger, “Applicants with an undergraduate degree in Accounting with strong academic performance can qualify for a complete waiver of the GMAT, while other applicants will be considered for conditional admission, meaning that they will need to submit GMAT scores at a later date, once testing resumes, or maintain satisfactory grades during the first semester of the program.”

GMAC is intending to begin remote location testing sometime in mid-April. “I would advise applicants to get their applications in as soon as possible, so they can be considered for conditional admission, financial aid and scholarships,” Swanger added.
