Review of Minutes from October 15 Meeting
- Minutes approved as submitted

Review of Survey Results
- Most comments were honest and respectful
- SGA Senate did vote to support mandatory fees after knowing what the increase was going for
- Residence hall increases are always unpopular
- Book Rental hopes to begin e-books and next semester will be evaluating the book rental system
- Surprised that out of state students thinking tuition is too high, most may not be aware what it was before NC Promise
- Graduate students’ comments were interesting
- Fewer responses received, likely due to the fewer number of proposed increases
- Virtual forums were on social media with the first having over 1,900 views and the second 715 views
  - Comments were aligned with survey results
  - Concerns about parking, meals plan, and athletic fees were also shared
- Students complaining about paying fees when they aren’t on campus
  - Rather than 1 fee which is really large we tell you what the fees break into and how they are used, intending to be more transparent
