1. Connect WCU-NetworkSetup

2. Open a browser and navigate to: networksetup.wcu.edu

3. Click "Start" to begin the wizard

4. If this dialog box appears, click “Run”
5. Enter your WCU user name:
   paws1@catamount.wcu.edu

6. Enter your MyCat password

7. Click "Continue"

8. Enter your local computer user name and password
   The same credentials you use to log into your computer when powered on

If a successful connection does not occur, please refer to the troubleshooting section of this guide.
Connect directly to the WCU network
Use the same WCU credentials

Power cycle device
Power the device off and back on again after configuring network

If you continue to experience issues, please bring your device to the Technology Commons or call the Help Desk at 828.227.7487
