Faculty Scholarship Celebration
Wednesday, February 15
4:30-6 pm
Blue Ridge Conference Center
2017 marks the 28th year that Hunter Library has acknowledged and presented an exhibit of Western Carolina University faculty’s scholarly and artistic works. This year’s exhibit features works from 335 scholars created over past year. These scholarly works include articles, books and book chapters, poster presentations, works of art and literature, musical performances, etc. It is Hunter Library’s goal that exhibit visitors will be inspired by the many ways in which WCU’s faculty express their creativity and contribute to human knowledge. This is the 30th year that Hunter Library will presents its Hunter Scholar Award as well as the 2nd year that grant writers will be recognized.
