b. Adjust the start and end times to reflect how early or late you are willing to meet with a student (If you have multiple times of availability ex. 8:00am-11:30am MWF and 12:30pm-5:00pm TR – finish setting up this availability for one time frame, then repeat the steps for the second time frame. If you choose to set up your availability for a longer period of time ex. 8:00am-5:00pm MTWRF, as long as you have synced the Navigate calendar with your electronic calendar, students WILL NOT be able to schedule over appointments already placed on your electronic calendar.)
