Navigate: How to Message Students

Sending a message to your student(s) through Navigate will send an email from your WCU email to the student’s WCU email. Navigate will also keep a record of all messages you send to the student. These messages will be stored on the student’s profile page.

There are two different methods to send students messages through Navigate.

Method #1:

1. Once you have logged in to Navigate, and adjusted your term,

   Click on the Quick Search feature to look up your desired student.
2. Now that you are on your student’s profile page, select **Message Student** from the **Staff Alerts** box located below the WCU University logo.

3. Now, click the **Actions** button in the dark gray bar, and select **Send Message**.

4. An email form will appear on your screen. Write your email and **Send Message**.
