HONORING OUR PROMISE

WESTERN CAROLINA UNIVERSITY STRATEGIC PLAN 2021
Dear WCU community,

In our efforts to fulfill the promise of our university and be the preeminent regional comprehensive university that we aspire to be, we have updated the priorities and objectives in our strategic plan, aptly titled “Honoring Our Promise.”

“Honoring Our Promise” is a living, breathing document that all of us can point to and work towards daily. It builds on important gains learned from our successes and setbacks. The plan is tempered by internal and external realities, while confidently presenting bold, yet feasible strategic priorities. The seven priorities and benchmarks we will use to gauge our success for this next year, and many years to follow include:

- Academic Excellence
- Student Experience
- Inclusive Excellence
- Regional Development and Engagement
- Employee Excellence
- Responsible Stewardship
- Vision Advancement

The plan, which was approved by the Board of Trustees in June of 2021, builds on a rich, successful history of growth and commitment by guiding us into the future as we continue to honor our promise to the people of Western North Carolina, the state, and beyond. Our aim is to include innovative thinking and a culture of change so that all students, faculty, and staff are valued and empowered. By expanding opportunities to fulfill our commitment to each student, we will achieve equity and excellence so that all students can successfully discover and embark upon their chosen path. Providing a high-quality education, integrated with our values and sense of place, will equip students for local and global leadership as well as ambitious community and career goals of their choice.

The plan is a thoughtful guide that provides direction, helps refine priorities, and assists with management of resources. With a notion that long-range planning is among one of the most important activities that an institution can undertake, our 37-member Strategic Planning Committee includes multi-disciplinary representation across the university.

The priorities defined in the plan are aligned to our institution’s strengths as well as regional educational, economic, and workforce needs. The planning committee continues to serve as a broad-based focus group during the refinement and prioritization of the plan, ensuring that the input of the campus community remains the foundation of and provides direction to the fluid plan.

Because of how much we accomplished despite the many obstacles we faced during a global pandemic, with potentially more to come, we have proven our resiliency. And I firmly believe we are on the cusp of greatness. We will honor our promise to our faculty, staff, students, and the region for which we serve.

Sincerely,

Kelli R. Brown
Chancellor
HONORING OUR PROMISE

2021 STRATEGIC PLAN

- ACADEMIC EXCELLENCE
- STUDENT EXPERIENCE
- INCLUSIVE EXCELLENCE
- REGIONAL DEVELOPMENT & ENGAGEMENT
- RESPONSIBLE STEWARDSHIP
- VISION ADVANCEMENT
Western Carolina University is the University of North Carolina System’s westernmost campus, providing access to higher education for deserving students in the mountain region and driving economic development in the far west as well as across the state. While we remain committed to our regional mission, our reach and impact has expanded in our more than 125-year history. In just over a decade, WCU has grown exponentially, enrollment exceeding 12,000 students from across the state, country and the globe. This growth is fueled by our vision to be a national model for student learning and engagement as well as our offering a broad range of academic programs that are recognized among the top nationally for quality and affordability.

The revised strategic plan builds on a rich, successful history of growth and commitment by guiding us into the future as we continue to Honor Our Promise to the people of Western North Carolina, the state, and beyond. Our aim is to include innovative thinking and a culture of change so that all students, faculty, and staff feel valued and empowered. By expanding opportunities to fulfill our commitment to each student, WCU will achieve equity and excellence so that all students can successfully discover and embark upon their chosen path. Providing a high-quality education, integrated with our values and sense of place, will equip students for local and global leadership as well as ambitious community and career goals of their choice.

The strategic plan, Honoring Our Promise, was approved by the Board of Trustees in June of 2021 and strategically places WCU to achieve its mission and realize its vision statement through the seven Strategic Directions. These key focus areas recognize the need to focus on the academic experience provided to students while also attracting and retaining outstanding employees and expanding our community and regional partnerships.

**Strategic Direction No. 1 | Academic Excellence**

We commit to providing our students with a 21st century rigorous curriculum that is composed of the intellectual, creative, cultural, and personal outcomes necessary to advance and excel.

**Strategic Direction No. 2 | Student Experience**

We will enrich the student experience through creating intentional cocurricular and curricular programs, which will prepare students to successfully engage in a vibrant, complex, and culturally diverse world.

**Strategic Direction No. 3 | Inclusive Excellence**

We commit to creating a campus reflective of our core values and we offer curricular and co-curricular educational programs that prepare our students for the diverse world in which they live.

**Strategic Direction No. 4 | Regional Development and Engagement**

Through regional and community partnerships, we will be a force for the progress and growth of Western North Carolina. A state-wide institution dedicated to the overall development of North Carolina, WCU serves all of the state with particular focus on the communities, towns, and cities of the 15 westernmost counties of North Carolina as well as the Qualla Boundary of the Eastern Band of Cherokee Indians.

**Strategic Direction No. 5 | Employee Excellence**

We will continue to attract, retain, and promote outstanding faculty and staff while providing valuable scholarship, leadership, and professional development opportunities.

**Strategic Direction No. 6 | Responsible Stewardship**

We will focus our priorities on facilities, technology, core resources, and business policies and practices.

**Strategic Direction No. 7 | Vision Advancement**

We will create and promote a shared understanding of WCU’s future around our areas of distinction, student support, and faculty and staff initiatives.
The strategic plan is a thoughtful guide which provides direction, helps refine priorities, and assists with management of resources. It is not possible or beneficial to invest in everything – a strategic plan helps us identify and distinguish the ways we can set ourselves apart from peers. Employing a clear strategy decreases ambiguity about the future and builds a roadmap of powerful tools for recruiting new students, faculty, and staff, along with new resources. Expected outcomes, action steps, and performance indicators will be developed for each Strategic Direction. Honoring Our Promise reinforces our belief in the lifelong value that an education provides.

Our Mission: Western Carolina University creates learning opportunities that incorporate teaching, research, service, and engagement through on campus, off campus, online and international experiences. The university focuses its undergraduate, master's and three doctoral programs, educational outreach, research, creative, and cultural activities to sustain and improve individual lives and enhance economic and community development in Western North Carolina and beyond.

Our Core Values and Guiding Principles:
- Excellence, Scholarship, Teaching and Learning
- Collaboration with and Respect for our Communities
- Free and Open Interchange of Ideas
- Responsible Stewardship and Organizational Effectiveness
- Organizational and Environmental Sustainability
- Cultural Diversity and Equal Opportunity

Our Vision: To be a national model for student learning and engagement that embraces its responsibilities as a regionally engaged university.

Process Development
With a notion that long-range planning is among one of the most important activities that an institution can undertake, Chancellor Kelli Brown envisioned a Strategic Planning Committee including representation from all divisions of the university. In consultation with the Board of Trustees, the decision was made to retain the seven strategic directions approved in 2018 and focus on ensuring we have the right goals and initiatives for the times we are in. The inaugural committee was tasked with important work:
- Ask questions about the relevancy of goals and initiatives, what should be removed or added, and how we celebrate successes along the way toward the aim of honoring our promise to students, faculty, staff, and communities.
- Engage with campus and community stakeholders, seek opportunities to leverage our collective resources, look both inward and outward, and be mindful of the changing higher education landscape.

The 37-member committee, charged in December of 2020, embarked upon an intense and inclusive outreach process to ensure key stakeholders had multiple opportunities to provide input to assure a shared vision and goals. Members were divided into teams aligned to each of the seven strategic directions. These teams met frequently to engage various campus and external stakeholders, review the existing goals and initiatives, examine and discuss feedback, and reach consensus around revisions and additions to the plan. Those external to the university were engaged via survey to help identify strengths, weaknesses, as well as external threats and opportunities. The internal WCU community was invited to attend three forums which shared the strategic planning process and examined revisions. Further opportunity for the campus to weigh in was provided by sharing a draft for feedback. The committee gathered, synthesized, and analyzed input from the internal and external community. Using information gathered from all of these sources, a draft plan was produced for campus leadership and Board of Trustees approval.

Our intent has been to engage in strategic planning as an extensive and inclusive process. Of equal importance is a commitment to authentic collaboration, an openness to sincere dialogue, and the discernment and engagement required to undertake systemic change. Honoring Our Promise is a living document, involving all of campus and the initiatives included within the plan are meant to evolve, grow, and change over time. Removal of goals or initiatives does not indicate a lack of commitment to these concepts, but instead a reflection of completion of action steps, successes, and more. Ongoing revision of initiatives is a mechanism to incorporate new aspirations and institutional priorities.

The revised strategic plan builds on important gains, learns from both successes and failures, and is tempered by internal and external realities, while confidently presenting bold yet feasible strategic priorities. These priorities are aligned to our institution's strengths as well as regional educational, economic, and workforce needs. The planning committee served as a broad-based focus group during the refinement and prioritization of the plan ensuring that the input of the campus community remained the foundation of, and provided direction to, the final plan.
