2023 FACULTY SCHOLARSHIP CELEBRATION

Western Carolina University annually acknowledges and celebrates our faculty's collective and individual scholarly and creative achievements. In 2023, we are proud to mark the 34th year of this institutional celebration. This year also is the 36th year of the Hunter Scholar Award, which recognizes and rewards faculty who make extensive use of library resources in their research. Each year since 2015, the University also annually recognizes the important work of grant writers.

This year, we are delighted to feature works of 264 scholars in this bibliography. Their works include research articles, books and book chapters, poster presentations, literary and artistic contributions, performances, presentations, and more. The purpose of this bibliography is to provide a broad overview and representation of the scope of faculty scholarship at Western Carolina University. It is not intended to be a comprehensive list of the much greater volume of faculty accomplishments. Due to the overwhelming number of scholarly works submitted, we have limited our list to five scholarly and creative works for each listed faculty member.

Our goal is to inspire our academic community by highlighting and affirming the many ways in which WCU faculty express their creativity and contribute to the advancement of human knowledge and culture.

Sponsors of the 2023 Faculty Scholarship Celebration event are the Graduate School and Office of Research, Hunter Library, the Office of Undergraduate Studies, Office of the Provost, and Office of the Chancellor. Many thanks go to the members of the Faculty Scholarship Celebration committee: Dr. Brian Kloeppe, Dr. Brandon Schwab, Dr. Joy Bowers-Campbell, Alison Krauss, Kloo Hansen, Roxane Stiles, Suzanne Melton, Chuck Thomas, Carol Hicks, Mariah Nehus, and Laina Lemire.

Thanks also are due to the Hunter Scholar Award selection committee: Sarah Steiner (Hunter Library), Morgan Kennedy (School of Art & Design), Dr. Benjamin Steere (Anthropology & Sociology), and Dr. Angela Trombley (School of Nursing).

Special thanks to Suzanne Melton in the Office of the Provost and the following Hunter Library employees for their outstanding work on compiling this bibliography and supporting materials: Heidi Buchanan, Scottie Kapel, Joshua Everhart, and Carol Hicks.
