Notes regarding Curriculum in 2022-2023:			
All curriculum proposals will be inaccessible between May 1 and August 1 for catalog cleanup. We will re-open the system in August for the following academic year.			
Please use the Curriculog System when submitting your proposals.			
* If your proposal is not approved by the February college committee deadline, the proposal will be carried forward to the next years' cycle.			
** If your proposal is not approved by the March university committee deadline, the proposal will be carried forward to the next years' cycle.			
***Catalog changes for the 2022-2023 catalog will not be considered unless the proposal is approved by Faculty Senate March meeting.			
**** Graduate level professional education curriculum proposals require approval by both PEC and GC. To be included in the 2022-2023 catalog, proposals should be in Curriculog and approved by the dept. committee by January 21.			
IMPORTANT: Proposals sometimes require revisions prior to approval. Therefore, it is highly recommended that you do not wait until the final submission date if you need the change to appear in the 2022-2023 catalog.
