

WESTERN CAROLINA UNIVERSITY BACCALAUREATE SOCIAL WORK PROGRAM

ASSESSMENT OF STUDENT LEARNING OUTCOMES

LAST COMPLETED SPRING 2023

Form AS 4(B)

This form is used to assist the COA in the evaluation of the program's compliance with the accreditation standard below:

4.0.3: The program uses Form AS 4(B) and/or Form AS 4(M) to report its most recent assessment outcomes for each program option to constituents and the public on its website and routinely up-dates (minimally every 2 years) its findings.

All programs accredited by the Council on Social Work Education's Commission on Accreditation (COA) are required to measure and report student learning outcomes. All students are assessed on their mastery of the nine competencies that comprise the Educational Policy and Accreditation Standards (EPAS) and any additional competencies programs may choose to add. These competencies reflect the dimensions of social work practice that all social workers are expected to master during their professional training. Programs determine a percentage-based benchmark for each competency and determine an outcome-measure benchmark (minimum score) for each measure. An assessment score at or above that benchmark is considered by the program to represent mastery of that particular competency
