

## Student Instructions:

### Professional Development Plan (PDP) Part 1

- Review the *Digital Learning Competencies self-reflection tool* found in Tk20.
- Complete the Areas of Growth Self-Assessment Worksheet. Describe the areas in which you scored yourself as novice in each of the four categories (Digital Content & Instruction, Leadership in Digital Learning, Data & Assessment, Digital Citizenship).
- Go to the PDP Planning Document. Complete this worksheet to identify achievable goals about technology and digital literacy. List two goals you believe will help you meet your focus areas. Include appropriate resources you believe will be beneficial. Indicate activities you believe you will do to help you meet these goals, providing a plan for the evidences you will collect to show how you will meet your goal.
- Submit in Canvas. Keep a copy for your final PDP project.
- Begin to work on meeting your goals!

### Professional Development Plan (PDP) Part 2

- Continue to work towards meeting your goals, thinking through a plan to complete these by the due date set by your seminar instructor.
- Once done, complete prompts for Part 2 in Tk20.
  - Upload appropriate evidence or documentation supporting your growth
- Submit the PDP
- Prepare a digital media presentation to show what you have learned about and how you have grown
- Present to the class.
