Policy Code:

The Catamount School (TCS) Principal shall ensure that all notification and other requirements of state law and the Protection of Pupil Rights Amendment are met, including all legal requirements regarding the surveying of students.

A. SURVEYS INVOLVING PROTECTED TOPICS

1. Definition of Protected Topic Survey

- b. mental or psychological problems of the student or the student’s family;

- g. religious practices, affiliations, or beliefs of the student or the student’s parent; or

For purposes of this policy, a “protected topic survey” is any survey, analysis, or evaluation that reveals information concerning any of the protected topics.

2. Rules Regarding Protected Topic Surveys

a. Protection of Student Privacy

TCS will take measures to protect the identification and privacy of students participating in any protected topic survey. These measures may include

limiting access to completed surveys and to survey results, as allowed by law.

b. Parental Notification

TCS will notify parents at the beginning of each school year of the specific or approximate dates of administration of protected topic surveys. At least 10 days prior to the administration of a protected topic survey, parents will be provided the opportunity to review both electronically and in person the process for providing consent to participate in the protected topic survey and the full text of the protected topic survey.

c. Parental Consent

Before a student will be permitted to participate in any protected topic survey, the parent must provide prior written consent.

B. WELLBEING QUESTIONNAIRES AND HEALTH SCREENING FORMS

If a wellbeing questionnaire or health screening form falls under the definition of a protected topic survey, all rules for protected topic surveys, as described above in subsection A.2, also apply.

C. OTHER SURVEYS CREATED BY A THIRD PARTY

Parents have the right, upon request, to inspect any other survey created by a third party before the survey is administered or distributed to a student.

D. COLLECTION OF STUDENT DATA FOR MARKETING PURPOSES

TCS generally will not collect, disclose, or use personal student information for the purpose of marketing or selling the information or otherwise providing the information to others for that purpose. However, in the event the Principal approves a collection, disclosure, or use of personal student information for one of those purposes, TCS will (1) notify parents at the beginning of each school year of the specific or approximate dates of such collection, disclosure, or use, (2) allow parents to inspect any instrument used to collect the information before the instrument is administered or distributed to a student, and (3) offer the parent the opportunity to opt out of the collection, disclosure, or use of the student's personal information.

The preceding rules for the collection, disclosure, and use of personal student information do not apply if TCS collects, discloses, or uses personal information from students for the exclusive purpose of developing, evaluating, or providing educational products or services for or to students or educational institutions, such as the following:

1. college or other postsecondary education recruitment or military recruitment;

2. book clubs, magazines, and programs providing access to low-cost literary products;

5. the sale by students of products or services to raise funds for school-related or education-related activities; and
6. student recognition programs.
