

The Catamount School Policy 4023

PREGNANT AND PARENTING STUDENTS AND EMPLOYEES

Policy Code: 4023

A. STUDENTS

1. Nondiscrimination

The School will provide all pregnant and parenting students with the same educational instruction as other students or its equivalent. Students will not be discriminated against or excluded from school or from any program, class, or extracurricular activity based on the students' current, potential, or past pregnancy or related conditions or because they are parenting students. For purposes of this policy, "pregnancy or related conditions" means pregnancy, childbirth, termination of pregnancy, or lactation; medical conditions related to pregnancy, childbirth, termination of pregnancy, or lactation; or recovery from pregnancy, childbirth, termination of pregnancy, lactation, or related medical conditions.

2. General Requirements

School administrators shall provide assistance and support to encourage pregnant and parenting students to remain enrolled in school. In accordance with state law, School officials shall use, as needed, supplemental funds from the At-Risk Student Services allotment to support programs for pregnant and parenting students. Students who are pregnant or parenting will be given excused absences from school for pregnancy and related conditions for the length of time the students' physicians find medically necessary and for absences due to the illness or medical appointment during school hours of a child of whom the student is the custodial parent. Homework and make-up work will be made available to pregnant and parenting students to ensure that they have the opportunity to keep current with assignments and avoid losing course credit because of their absence from school. To the extent necessary, a homebound teacher will be assigned.

3. Providing Title IX Coordinator Contact and Other Information

When a student or student's parent or guardian informs any School/University employee of the student's pregnancy or related conditions, the employee shall promptly provide that person with the Title IX Coordinator's contact information and inform that person that the Title IX Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to the school system's education program or activity. The employee does not need to provide such information if the employee reasonably believes that the Title IX Coordinator has already been notified of the student's pregnancy or related conditions.

4. Specific Actions to Prevent Discrimination and Ensure Equal Access

Once a student or student's parent or guardian notifies the Title IX Coordinator of the student's pregnancy or related conditions, the Title IX Coordinator must coordinate the following specific actions designed to promptly and effectively prevent sex discrimination and ensure access to the school system's education program or activity:

- a. inform the student (and, if applicable, the student's parent or guardian) of the school system's Title IX obligations under 34 C.F.R. 106.40(b)(1) through (5) and 34 C.F.R. 106.44(j) and provide the School's notice of nondiscrimination on the basis of sex (see Policy 1720/1725, Title IX Prohibited Conduct Policy and Procedures);
- b. consult with the student in order to offer, based on the student's individualized needs, reasonable modifications to School policies, practices, or procedures, as necessary, and implement each reasonable modification offered by the School and accepted by the student;
- c. allow the student to voluntarily access any separate and comparable portion of the education program or activity provided that the separate portion is comparable to that offered to students who are not pregnant and who do not have related conditions;
- d. allow the student to voluntarily take a leave of absence from the education program or activity to cover, at a minimum, the period of time deemed medically necessary by the student's licensed healthcare provider and when the student returns following the voluntary absence, reinstate the student to the academic status and, as practicable, to the extracurricular status that the student held when the absence began; and
- e. ensure that the student can access, as needed, a lactation space, other than a bathroom, that is clean, shielded from view, free from intrusion by others, and may be used for expressing breast milk or breastfeeding.

Supporting documentation or certifications will not be required except as permitted by law.

B. EMPLOYEES
