COLLABORATIVE RESEARCH

Reliance Agreements are intended for research receiving expedited or full board determinations. Reliance agreements are not applicable to exempt research and will not be issued. However, the Office of Research Administration understands the administrative burden of submitting multiple applications for exempt research and therefore does not require a WCU application to be completed. If appropriate, an exemption letter will be issued in place of a reliance agreement. Please upload the documents requested below for WCU IRB review.

Please note: The WCU IRB is not bound by another institution's determination. If the WCU IRB does not agree with the determination, reliance will not be issued, and you will be requested to submit an IRB Request for Initial Review of Research.
