MEMORANDUM

TO: Chancellors
Chiefs of Staff
Chief Academic Officers
Chief Financial Officers

FROM: Jennifer Haygood 

SUBJECT: Proposals for 2023-24 Campus-Initiated Tuition and Fee Adjustments

President Hans and the Board of Governors are committed to promoting accessibility and affordability of higher education for all North Carolinians. This commitment is made even more essential due to the growing strain of inflation, as students, families, and universities face increasing financial burdens. The inflationary environment puts a particularly acute pressure on our universities to keep operating costs low and to maintain a high quality of education. Bearing this pressure in mind, the Board will consider 2023-24 campus-initiated tuition and fee increases in the situations outlined below.

Attached are guidelines for your use in submitting requests for changes in tuition and fee rates, effective for the Fall Term 2023. After campus proposals are reviewed by the president and his staff, they will be presented to the Board in January and will be considered for approval at the Board's February meeting. The guidance outlined in this memo is based on recommendations of the president and the Board, the UNC policies 1000.1.1 and 1000.1.2 – *Policy on Tuition Rates* (Attachment 1) and *Policy on Student Fees* (Attachment 2).

Undergraduate Tuition

- **No tuition increases are allowed for resident undergraduate students.** Combined tuition and fee rates for undergraduate residents shall continue to remain in the bottom quartile of an institution's public peers.
- **Increases are allowed for nonresident undergraduate students.** Campuses should continue to follow the traditional process for recommending campus-initiated tuition changes for nonresident undergraduate students. Combined tuition and fee rates for these students should be market driven and reflect the full cost of providing a quality education. In addition, a goal of each campus should be setting nonresident rates at or above the third quartile of each institution's public peers.

Graduate and Professional School Tuition

The Board will consider school-based and campus-initiated changes for tuition for graduate and professional programs that have been approved by the Board of Governors. Institutions must use the Board's tuition and fee policy as a guideline in developing recommendations for establishing graduate and professional school tuition rates.

The tuition and fee policy states, "Graduate and professional schools should establish rates consistent with each program's unique market and academic requirements." Tuition for graduate and professional students will be set with an emphasis on maintaining and increasing the excellence of the institution's graduate and professional programs, as well as ensuring access. Please do not submit requests for school-based tuition for graduate programs that have not been previously approved by the Board of Governors.

NC Promise Institutions (ECSU, FSU, UNCP, and WCU)

The 2016 General Assembly set up a tuition buy-down program for ECSU, UNCP, and WCU that began with the 2018-19 academic year. FSU was later added to the program beginning in the 2022-23 academic year. The 2023-24 tuition for undergraduate residents will be \$500 per semester and \$2,500 per semester for undergraduate nonresidents. The cost of the foregone tuition receipts will be offset by an appropriation to increase the UNC budget, subject to funding availability. Changes to the buy-down rate will be considered during the budget allocation process.

ALL TUITION CHANGE PROPOSALS MUST BE ACCOMPANIED BY A DETAILED JUSTIFICATION ON THE USE OF THE INCREASED FUNDS.

Mandatory Fees (including debt service fees)

In accordance with UNC Board policy, the Board of Governors is responsible for establishing fees at the constituent institutions of the UNC System consistent with the philosophy set forth in the North Carolina Constitution. Fees will be charged only for limited, dedicated purposes and shall not be used to defray the cost of general academic and administrative operations of campuses, including academic programs and faculty and administrative salaries and benefits.

For 2023-24, The Board of Governors will consider increases to mandatory fees subject to the 3% statutory cap that are intended to defray the impacts of inflationary costs. The Board of Governors will not consider fee increases intended to support any expansion of services, unless the expansion is supported by reprioritizing how existing fee revenues are used or by offsetting the increase with a commensurate decrease to another fee. This flexibility does not extend to debt service fees that would otherwise be scheduled to sunset because the associated debt service has been paid in full.

All increase proposals must be accompanied by an expenditure plan showing how the additional revenues are critically important for the fee-supported activity, including a description of why alternative sources or expenditure reductions are insufficient for addressing the needs of the fee-supported activity. Decrease proposals must describe the impacts of the reduced revenues.

Special Fees

Special fees are only applicable to students engaged in particular activities or courses of study. These fees may not be used to supplement general academic revenues that will be provided from campus-initiated tuition increases. Increases to existing special fees for inflationary cost increases will be considered. New special fees may only be proposed for graduate programs and newly approved undergraduate programs. New special fees for existing undergraduate programs will not be considered.

Application Fees

Application fees shall remain at the established rates for each institution.

Student Involvement and Use of Funds

Tuition and fee proposals must be accompanied by the *Student Involvement in Tuition and Fee Setting Process* form (Attachment 3). Additional information from your institution supporting your student involvement may also be transmitted with your tuition and fee package.
