<p>Before I Explore... (What do you think you already know about pottery?)</p>	<p>While I Explore.... (As you explore, think about these questions and record what you discover: What function does pottery serve? What differences do you see in pottery from different time periods? How do you see natural resources being used? What designs and symbols do you see on pottery and why do you think that is?)</p>	<p>After I Explore.... (How have you changed your mind about pottery?
